Being a New Forest Escape...

You're in safe hands...

From our initial meeting, right through until you're a seasoned pro; our small team of local experts will always be on-hand to help, guiding you through your journey as a New Forest Escapes host...

Great escapes only...

We opened the doors to our first ever 'New Forest Escape' in 2013, with this home setting the benchmark of what would become a signature 'ingredient' for our unique & eclectic holiday cottages.

Although each of our homes differ in their unique selling points, our guests trust that a New Forest escape will be a great escape; where the surroundings & interiors will be top-notch, and time can be spent living like a local.

Our B Corp Certification is a badge that we wear very proudly. With a people, planet & profit-friendly approach that champions local, and works towards encouraging conscious tourism, we share and support our hosts with a wealth of research and resources that can be integrated throughout homes. Making it happen are our team of local-loving experts...

This is us!

Sarah, Zoe, Harri, Jane, Susan, Rachel & Lauren

Much like our homes, our all-local team of 'escape artists' have also been handpicked; we make sure we have the right people in the right seats to support our hosts & our guests...
